RVH Foundation moves to new location

As part of the ongoing redevelopment project at RVH, the Foundation took occupancy of a new location as of March 11.

“We’re pleased we could provide a new space that gives the Foundation more prominence and is more visible to the community,” says Chris Ferguson, RVH Vice President of Patient Care Services, who worked closely with the architect in planning the redevelopment of the hospital.

The Foundation was established in 1989 to support Renfrew Victoria Hospital by raising and managing funds for equipment needs and services.

“We are grateful to the hospital for the space we had over the years and even more grateful for the new,” notes Barb Desilets, Foundation Executive Director.

“It is very exciting to see the dedicated space for the foundation. Over the years, the office was relocated to accommodate patient care needs so, as part of this redevelopment project, we can now have a permanent location,” adds Jim Lemenchick, Foundation Chair.

Core hours of the foundation office are Monday to Friday, 8:30 a.m.–4:00 p.m., but they are always willing to accommodate donor needs.

As you enter the main front doors, turn left past the gift shop, and you will find the Foundation office on your left, just a few steps along the hospital’s main corridor. The staff looks forward to serving our community in the new location—visitors are always welcome.

Barb Desilets, RVHF Executive Director, Diana Freitag, RVHF Coordinator, and Hannah MacMillan, RVHF Development Coordinator are settling into their new office.
